Achieving Excellence: **The Professional Doctorate (VAE) Journey**

About EIU-Paris

The European International University (EIU-Paris) is a private education establishment authorized by the French Ministry of National Education, as well as Higher Education, Research, and Innovation in accordance with the French Education Act (Code de l'Education Articles L 444-1 to 444-11 and R 444-1 to 444-28).

EIU-Paris was founded with a vision to offer international-type programs and qualifications to the global student market. As a result, the university does not provide programs in French medium, nor does it use traditional French degree nomenclature, such as "Licence universitaire" for Bachelor's degrees, "Master" (pronounced "mah-stehr" with a silent 'r') for Master's degrees, or "Doctorat de recherche" for Doctorate degrees.

Instead, EIU-Paris offers a range of international-type degree programs such as BEd, BSITDS, BBA, MBA, MSIET, MSMHP, MSITDS, DBA, DMan, EdD, PsyD, and PhD. With its international focus and reach, EIU-Paris holds international accreditation from the Accreditation Service for International Schools, Colleges, and Universities (ASIC). The university received Premier University status from ASIC, UK, on 2nd October 2018. ASIC is recognized by UKVI in the UK and is a member of the CHEA International Quality Group (CIQG) in the USA, listed in their International Directory. ASIC is also a member of the British Quality Foundation (BQF), an affiliate of the European Network for Quality Assurance (ENQA), and an institutional member of the European Distance and E-Learning Network (EDEN).

Programmatic Accreditation Pursuit

EIU-Paris is currently pursuing programmatic accreditation from the Accreditation Council for Business Schools and Programs (ACBSP), United States, after obtaining accreditation candidacy status.

Recognitions and Rankings

The university exudes pride in attaining an unparalleled 5-QS-STARS rating, the absolute pinnacle in the QS STARS ranking system. This accomplishment is underscored by flawless scores in Teaching Quality, Academic Development, Online Learning, Inclusiveness, and Graduate Employability criteria. EIU-Paris undergoes audits and quality assurance processes by internationally acclaimed bodies such as ACBSP, ECBE, BGA, and ATHEA. In a significant recognition, EIU-Paris has been ranked at #51 for 2024 by CEOWORLD Magazine, alongside prestigious institutions such as London Business School, MIT Sloan School of Management, Wharton, Harvard Business School, and others.

About Professional Doctorate (VAE)

Professional Doctorate via the VAE Program at European International University (EIU), Paris
The Professional Doctorate offered by the European International University (EIU) in Paris, through the innovative Validation of Acquired Experience (VAE) program, is a prestigious academic credential designed specifically for senior business professionals. This pathway recognizes an individual's professional experience as a testament to their expertise and contributions to the industry, offering a streamlined approach that values real-world accomplishments as equivalent to academic research.

How the Program Works

Candidates pursuing the VAE Professional Doctorate (PD) are evaluated based on a Portfolio of Evidence that demonstrates their professional expertise, achievements, and social impact. This portfolio highlights the applicant's mastery in their field, showcasing their noteworthy contributions such as innovations, problem-solving efforts, or leadership in social and business engineering. (No online Classes, No Exams, No Research thesis submission)
Instead, the emphasis is placed entirely on validating the individual's prior learning, professional standing, and real-world impact. Successful candidates are awarded the distinguished title of "Dr.," underscoring their achievements and enhancing their influence and credibility in their professional and personal spheres.

What is the VAE Process?

The Validation of Acquired Experience (VAE) is a formal recognition framework introduced by the French government as part of educational reforms. It enables professionals to transform their extensive workplace experience into recognized academic qualifications such as degrees, diplomas, or doctorates, bypassing traditional coursework requirements.

Codified under the French Education Code in 2002, the VAE process is now embraced by institutions like EIU Paris. By adopting this system, EIU ensures that seasoned professionals can gain formal acknowledgment of their expertise, providing a significant boost to their career trajectories.

For more details on VAE, visit the official Wikipedia page: [Validation des Acquis de l'Experience](#).

Eligibility Criteria

To qualify for the Professional Doctorate via the VAE program, candidates must meet one of the following conditions:

Option 1	A bachelor's degree or a 12+ diploma with over 15 years of professional experience will be considered.
Option 2	A bachelor's degree and a master's degree with over 10 years of professional experience will be considered.
Option 3	If the applicant doesn't have any previous qualifications, they should have at least 20 -25 years of professional experience in a specialized field.

Additionally, applicants must provide verifiable evidence of achievements, including: Awards and recognitions, Published research papers, Conference presentations, News articles or media coverage, Recommendations from industry leaders.

Recognition and Value

Earning the VAE Professional Doctorate signifies exceptional accomplishment, highlighting the candidate's dedication, expertise, and leadership in their field while acknowledging their contributions to corporate, economic, and social development. This prestigious certification allows recipient to officially use the title "Dr."

The Professional Doctorate via the VAE program at EIU Paris is a revolutionary opportunity for business leaders to gain formal recognition for their lifelong achievements. This credential not only validates their professional journey but also empowers them to continue making an impact on a global scale. It celebrates dedication, mastery, and excellence in every sphere of influence.

Acquiring Doctorate degree was one of my dreams that I always wanted to pursue. SUDACO group presented this opportunity to me on behalf of European International University (EIU). Ms. Sujany assisted me at every step and made the entire journey completely hassle free. Entire team of SUDACO Group were efficient and prompt in providing answers and assistance in every query that I had. Few weeks back I attended the grand convocation in Bangkok and received my Doctorate. I have only two words to define my experience with SUDACO - "Excellence and highly professional"

HOSPITALITY - AUSTRALIA

It has been a pleasure to work with Sudaco on my Professional Doctorate in Tourism and Hospitality. Great work Sudaco team for the outstanding efforts in coordinating the European International University Convocation and Prime Awards. The event hosted was beautifully executed on the 13th of May, at the Sheraton Grande Hotel, Bangkok, Thailand which brought joy to the attendees and organizers alike. Also honoured by the prestigious International Prime Awards Asia 2023 received for the excellence in Hospitality & Tourism. In a nutshell, I had a wonderful time attending the event. I could not have asked for anything more. What an amazing team you are. The information provided was accurate. At the same moment, everyone knew the details and was on the same page. All follow-ups for my Professional Doctorate were handled very professionally, and all processes were completed on time. Thank you, Team!!

DR. SEAH HSIU-MIN EUGENE
COO- MEINHARDT GROUP - SINGAPORE

The Graduation Ceremony organized by Sudaco and European International University, was a night to remember forever. From the start of gowning, the ceremony, performances, and not forgetting the food, was spectacular. Arrangements were also made for my family members and even my 15 month of son enjoyed himself in his baby seat, seeing daddy graduate on stage. The executives in Sudaco were most helpful and help guide me in the compilation of the dossiers and submissions. Held in the land of a thousand smiles, the hospitality on the whole was great and the journey rewarding. Thank you Sudaco for facilitating, organizing and delivering a wonderful ceremony for me and my family
